13 It is therefore desirable that the Council should frame By-laws or rules having the force of law providing for notice being given of questions to be answered & for Supplementary questions arising out of the answers given to main questions in the same way as is provided in R & the Rules

14 In the absence of such rules I am inclined to the view that Supplementary questions are to be allowed answered

Dear Sir,

I shall feel much obliged for instructions as to whether a right to put an interpellation necessarily carries with it a right to put supplementary questions I believe the Representative Assembly had a right to put interpellations long before it was given power to put supplementary questions This information is required to decide the extent of latitude to be allowed to under - Section 28(B)2 of the Mysore Municipal Regulation in the absence of any bye-laws of the Municipal Council on the point I shall be obliged for an early reply

Yours sincerely
